Shelf Ready Services

Commencing in April 2010, TMMC is a year into the shelf ready processing world and it has been a huge success! We have come a long way since offering this service back in 2010, expanding from 1 person in the back office to a team of 4 onsite at our new Albany DC... and we are still growing. Library customers are selecting from the many and variable processes on offer. TMMC caters to the specific needs of libraries; from duraseal bookguard to barcoding, spine tape, and RFID applications.

Feedback received from TMMC's library customers has been very positive, with many stating it has greatly assisted the library, allowing increased time to focus on other tasks.

Please contact Monique Bulman (monique.bulman@tmmc.co.nz) for shelf-ready processing quotes.

Healthy Food Guide - Lisa's Review

Lisa Fenton
Subscription Services

I'm on a bit of a health buzz at the moment and I'm getting so many great healthy food ideas from the NZ Healthy Food Guide. Each issue contains tasty, easy recipes and interesting health and food articles.

They also have a great 'week menu planner' that helps take the guesswork out of eating a balanced diet and features dinner recipes from the issue. Written by New Zealand's nutrition experts, this monthly magazine is packed with accurate advice and practical ideas.

This month's issue has informative articles about fat, fibre and cooking veges for maximum goodness. They are also donating \$1 to the Christchurch Earthquake Appeal for every issue sold in stores.
